

Color Frosted Microscope Slides

Product Overview

Premium Color Frosted Microscope Slides feature a durable color-coated frosted writing area, excellent optical clarity, and reliable specimen identification for pathology, histology, clinical, and research laboratories.

Labelling: The color frosted writing area provides a permanent, high-contrast labeling surface compatible with pencils, laboratory markers, thermal transfer printers, inkjet printers, and laser printers for accurate specimen identification and efficient laboratory workflow.

Handling:Ground or beveled edge options are recommended to improve handling comfort and minimize the risk of edge chipping during routine laboratory operations.
