

Twin Frosted Microscope Slides

Product Overview

Premium Twin Frosted Microscope Slides feature precision frosted writing areas on both ends, providing excellent optical clarity, reliable specimen identification, and consistent performance for pathology, histology, clinical, and research laboratories.

Labelling: Dual frosted writing areas provide additional space for specimen identification, laboratory coding, and sample tracking using pencils, laboratory markers, or adhesive labels.

Handling: Ground or beveled edge options are recommended to improve handling comfort and minimize the risk of edge chipping during routine laboratory operations.
